One of the outstanding undertakings of our Senior year has been to produce a book of memories, a collection of events, activities, and accomplishments; a book of honor and satisfaction.

We have tried to compile all the happenings of our Senior year so that in years to come when the memories of our Student Nursing days have become dim, may this book wherein we have endeavored to imprison the spirits of our alma mater, revive in our hearts once more her ideals and bind all together in a common love and loyalty to her.

May "The Aeneid" always serve to remind you of happy days and always signify a job as one of honest effort and stability.

## *Dedication*

We, the Seniors of 1957, do proudly dedicate  
the 1957 "AENEID"

TO YOU - OUR PARENTS

In sincere appreciation of your untiring efforts  
and faithful, sympathetic understanding as we ven-  
tured along life's pathway, we, the Seniors, humbly  
express our gratitude.

We feel that the verses found on the following  
page express our feelings, and although written by  
an unknown author, they express our sentiments  
toward you.

# *Our Parents*

## *Mother . . .*

The stretch of the years is now long past  
Since I was your baby girl  
The years when you mended a broken doll  
Or smoothed down a straying curl.

I've come since then to a woman's place  
To my graduation day.  
I'm a nurse - and the dream of my  
    childhood hours  
Stands achieved - and my heart is gay.

But mother, I know I could never have won  
If your love hadn't helped me along.  
I who was always so weak on the way  
You who were ever so strong.

Your love and your help, and your kindly  
    praise  
These followed me through the years.  
A million thanks well up from my heart  
God bless you - your joy and your tears.

You are my model - you my ideal  
Yours - ever the love that was true.  
God couldn't be with me all of the time  
So He gave me a mother like you.

And mother, if ever around my neck  
The arms of a baby twine  
I only ask God to be like unto you,  
You - little mother of mine.

## *Dad . . .*

To-day I'm a nurse - it seems only a dream  
I can hardly believe that it's true.  
My training is done - I have come to the end  
And my first grateful thought is of you.

You, my father, who helped me so much  
    on the way;  
You whose love and whose faith was so strong.  
Yours the kindness, the courage, the praise  
    that was there  
In times when the way seemed so long.

I know that you're proud, Dad, to-day as  
    you see  
Your nurse - just so late your wee tot  
But my pride in you, Dad, rings as strong  
    in my heart  
God love you - and bless you a lot.

This is only a verse - just a "thank you" in  
    rhyme  
But its accents are happy and glad.  
For it tells of the love that in gratitude comes  
From a graduate nurse to her Dad.

## THE FLORENCE NIGHTINGALE PLEDGE

I solemnly pledge myself before God and in the presence of this assembly:

To pass my life in purity and to practice my profession faithfully.

I will abstain from whatever is deleterious and mischievous and will not take or knowingly administer any harmful drug.

I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my profession.

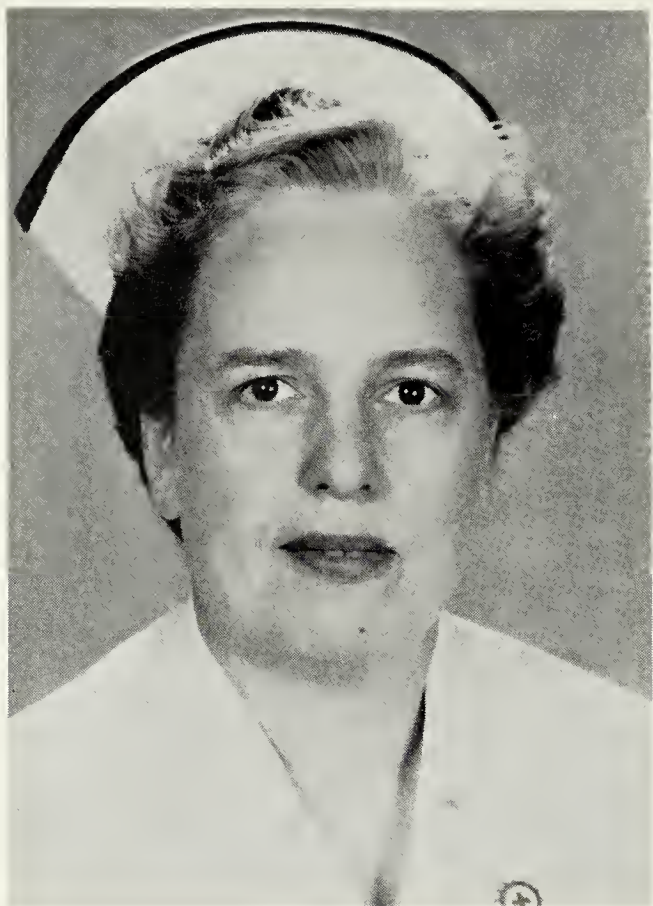

With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

# Prophecy

June 4, 1967  
Paris, France

Dear Leota,

I certainly was surprised and pleased to see you again after ten years. It really has been a long time. Bill and I have been in Paris for two years and it seemed impossible to see a familiar face after so long. Your life has certainly been interesting, you have traveled all over the world, and you say you're still looking for the man of your life, "The substantial things." I do wish you good fortune in "Snake River, Idaho."

Before I left for Paris, I met with some of the girls in our class, so now I will try to catch you up on happenings since we were together.

My dear roommate, Libby Huggard, now has her Master's Degree in Psychiatry and is Supervisor of Spring Grove State Hospital, and she married a dang yankee.

Georgina Nicol never quite made the cowgirl movie star she often dreamed of becoming; instead, she married Ron and they have a big horse ranch in Kentucky, with three lovely children.

Faye Bartley also married a Kentuckian and they live in Florida. Faye has given up nursing and has turned to a singing career, but that has been delayed because they now have a little girl.

Hazel Farrar has three children and will be the Educational Director at C. & O. when Miss Ricks retires.

Pat Zicafoose still can't make up her mind which Tom, Dick, or Harry it will be. She is working as an Office Nurse in Dr. LeHew's office in Lewisburg.

Donna Davis finally decided, with the help of a three carat diamond, Marvin was the one she loved. They have been married a year and Marvin is Chief Medical Doctor at C. & O., and Donna is now the Superintendent of Nurses.

Elva June Phillips will start her Chief Residency in Pediatrics at C. & O. this year, under Dr. Edmunds. Bill is still waiting for her.

Madalyn Smith has forgotten what Nursing is, she will marry her sixth husband next month. He is R. C. Hayslett, formerly of Clifton Forge, who now owns the biggest oil well in Texas.

Ruby Thomas married her little Frenchman, they live in Colorado and have two children. Ruby only does volunteer community nursing these days.

Two weeks after graduation, Marion Shumate married Earl, and they have three sets of twin boys. Marion decided that Clifton Forge wasn't such a bad place to live after all.

Nona King married Otmer and they are doing missionary work in China. They haven't been home for three years.

Joyce Mills is Surgical Nurse for her husband in their Hospital, the "Twinkling Star," in Texas. She finally made it to Texas.

Marion Chandler is living in Beckley, W. Va.; she and Richard have started a nursery of their own, they have six girls.

Janice Rucker lives in Covington and is doing only family nursing and says it's a full time job. She and Pee Wee have four children.

I think that about covers our little group. I do hope all of us will be able to get together this fall for our reunion. It will be nice to see everyone once again.

Bye for now--

Dallas Sutherland (Spangler)
